Dear Dr. Denny,

On behalf of P.A.N.D.O.R.A.'s members and Temple Sholom Sisterhood, we would like to thank you for the wonderful presentation you provided at the November 2007 meeting of the CFS/FMS Empowerment Group at Temple Sholom.

The presentation was educational, informative and the audience was very appreciative of your Q&A session. Integrative approaches to medical care is one area that is finally gaining the attention and the recognition it deserves and our group members believe that is occurring because of patient demand for this valuable approach.

We look forward to having you again at one of the group's future meetings and we look forward to other collaborative efforts with the Holy Cross Hospital Harry & Beatrice Feldman Center for Optimal Health in the future.

In Good Health and In Beauty,

Marly C. Silverman
